Dear Marnie Mitchell-Lister,

Thank you for submitting your work, *Memories*, into the 2014 Austin Film Festival Screenplay & Teleplay Competition. I am pleased to inform you that your script advanced to the Second Round of the competition in the Drama category! It did not advance to the Semifinalist Round but, keep in mind, your placement represents a distinction only achieved by about 15% of this year's submissions.

With a new record of over 6,764 entries, this year's scripts proved to be incredibly competitive and featured a high standard of exemplary stories including your own. This is a tremendous accomplishment, and you should be extremely proud of your success. We were impressed with the overall quality of the work this year and our readers returned many positive evaluations, making for an extremely tough judging process.

Your advancement makes you eligible to receive a substantial discount to attend this year's Festival and Conference (October 23-30). Included with this letter is some information about all the opportunities that will be available to you at the Conference as a Second Rounder. In addition, I will also be sending you our readers' notes for your script via email by December. These are general notes that our readers make for evaluation purposes in our competition.

Austin Film Festival and I congratulate you on your screenplay's recognition and we hope that you will join us at the Conference in October. We look forward to reading more of your work in the future.

Sincerely,

Matt Dy
